PROFESSIONAL SUMMARY

I am a **2nd-year student** with a strong foundation in **programming, data structures, and web development**. Hands-on experience in building responsive and interactive web applications using **HTML, CSS, JavaScript**, with beginner-level exposure to **React.js and Django**. Passionate about problem-solving, writing clean code, and continuously learning new technologies to build scalable software solutions.

TECHNICAL SKILLS

Programming Languages: Python, C, C++, JavaScript, Java

Web Technologies: HTML, CSS, JavaScript, Django, React.js (*Beginner*)

Concepts: Data Structures & Algorithms, Object-Oriented Programming, REST APIs

Tools: Git, GitHub, Visual Studio Code

Other Skills: Problem Solving, Debugging, Logical Thinking

EDUCATION

Bachelor of Technology (B.Tech) in **Computer Science Engineering**

Chaitanya Bharathi Institute of Technology (CBIT), Telangana

Currently in 2nd Year | **Expected Graduation: 2028**

Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming

PROJECTS

Portfolio Website | HTML, CSS, JavaScript

[Live Demo](#) | [GitHub](#)

- Designed and developed a personal portfolio website to showcase projects, skills, and contact details.
- Implemented responsive layouts and smooth navigation for an improved user experience.
- Ensured clean UI design and cross-browser compatibility.

F1 Information Website | HTML, CSS, JavaScript

[Live Demo](#) | [GitHub](#)

- Built a static website providing information on Formula 1 teams, drivers, and race details.
- Structured content using semantic HTML and styled pages for readability and clarity.
- Added interactivity using JavaScript for dynamic content display.

Weather Application | HTML, CSS, JavaScript

[GitHub](#)

- Developed a simple weather application that fetches and displays real-time weather data using public APIs.
- Implemented asynchronous JavaScript (fetch/async-await) to handle API requests.
- Displayed temperature, weather conditions, and location-based results.

To-Do List Application | HTML, CSS, JavaScript

[GitHub](#)

- Created a task management web application to add, delete, and manage daily tasks.
- Used DOM manipulation for real-time updates without page refresh.
- Focused on simplicity, usability, and clean UI design.

ADDITIONAL INFORMATION

Languages Known: Telugu, Hindi, English

Career Interest: Software Development, Web Development, Internships
